

SOONER OR LATER QUALITY NON-CONFORMITIES USUALLY ESCALATE TO VERY IMMEDIATE NEEDS

Dealing successfully with immediacy of a quality crisis is in direct proportion to a previous commitment to excellence. What we've done behind our doors-- before we walk through yours-- delivers the resolution to sustain customer relationships. PQSI's preparedness is the rock-solid foundation for meeting and exceeding quality objectives.

“

Quality is not an act,
it is a habit. - Aristotle

A national footprint of 100 plus customers that depend on our data driven approach in both the commercial and government sectors.

BEHIND OUR DOORS, BEFORE WE WALK THROUGH YOURS

repetitive training

Documented and continuing training of 40 hours per year for full-time employees and 20 hours a year for part-time employees.

defined processes

Minimize errors and identify improvements through six sigma DMAIC system since 2004 in conjunction with our ISO certification.

certified experience

A national staff of certified and PQSI trained quality engineers assure proven expertise is applied to your custom situation.

By the time most organizations need our broad services it's too late to send in 'warm bodies'. Our customers need knowledgeable, experienced quality engineers who thrive in breaking down the complexities of manufacturing environments, and who have an objective third party view towards quality resolution and the data driven analysis to support actionable insights.

A national footprint of 100 plus customers that depend on our data driven approach in both the commercial and government sectors.
